CS308 Compiler Principles

Setup Environment

Operating System

Recommended:

- Ubuntu 14.04 LTS or other LTS version
- Other Linux kernel operating systems and Mac OS X are also supported
- Windows can be hardly used
- A virtual machine or a real machine operating system are both OK

Install Lex and Yacc tools

- Lex:
 - \$ sudo apt-get install flex
- Yacc:
 - sudo apt-get install bison

Use Lex and Yacc tools

- Lex:
 - \$ flex lex.l
- Yacc:
 - \$ yacc -d parse.y
- Generating applications with gcc:
 - gcc y.tab.c lex.yy.c
